

IIBA UK Chapter - May Newsletter

You may be wondering what happened to our May newsletter?

For the last few months the March and April newsletters were being sent out in the last few couple of days of the month – this meant that many people weren't actually receiving our April newsletter until early May.

In order to re-align the timing of our newsletters better with our overall communication strategy; our May newsletter has become our June newsletter. Going forward you should expect to receive our IIBA UK Chapter newsletter in the first week of each month.

Many thanks

**IIBA UK Chapter Board
International Institute of Business Analysis**
